Dewberry & Davis

Enclosed are two files in support of our appeal for the Lexington County, FIS on the Congaree River. The file "CONFWAPP.DAT" is the revised input file for the HEC-2 floodway and the "CONFWAPP.OUT" is the associated output file. The input file was modified to reflect the "n" value of 0.90 instead of 0.03 at Cross Section "A" (226700) between GR stations 25101 and 30259.4 and an ET encroachment value of 7.41 at C.S. "A" instead of the modeled 5.41. The resultant floodway would comply with FEMA regulations.
