

**FEMA received 44
postcards identical
to the one shown on
the next page,
each signed by a
different private
citizen.**

February 10, 2001

Dear Mr. Buckley:

I want to express my concern about your September, 2000 map of the Congaree River.

I understand that this map would prohibit proposed future development in the Lower Richland area.

If this map is not correct, the result will be that I and many other residents of Richland County will be seriously aggrieved.

Sincerely,

A large black rectangular redaction box covers the signature and name of the sender.
